Volunteer at the Alderwood Library!

We are busy! The Alderwood library is a wonderful, busy place with excellent resources for both students and staff. Volunteers are essential for maintaining a well-organized student friendly atmosphere.

You can help! Volunteers can help with routine circulation desk tasks, organize the bookshelves, shelve books, prepare new books for circulation and help with cleaning books. Training provided!

Come when you can! Finding time to volunteer is easy! Parents can assist with circulations and shelving during their child's class time. In addition, our "Adopt a Shelf" program allows volunteers to come to the library at their convenience to maintain their designated shelf of books. All volunteerism is valuable and appreciated!

Your child loves to have you here! Your active participation shows them how much you value libraries, books and reading. A powerful message!
